November 21, 2011

Adjutant General

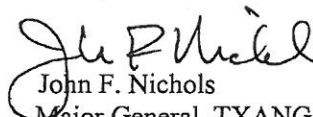

Dear Neighbors,

Camp Mabry is currently developing a comprehensive Master Plan to outline our way ahead for the next 10-25 years. This planning process is intended to outline a future framework to accommodate redevelopment and improve efficiencies in building structures, mechanical systems, roadways and circulation patterns, perimeter security and general facility aesthetics. The Master Plan will address overall Camp Mabry internal operations and will also include areas that will be of interest to our surrounding neighbors and external guests, including parks, recreational facilities and historical facilities. A very important component of this planning process is your involvement and feedback regarding key issues.

Please join us to discuss these topics on either Tuesday evening, December 6th or December 13th, 2011 from 7:00 pm – 9:00 pm at Camp Mabry's Audie Murphy Building 82. This Community Workshop is an opportunity to hear from you and ensure our neighbors have a voice in the Camp Mabry development process. We plan to share our findings and plans with all stakeholders at an Open House in the summer of 2012. For your convenience, we have enclosed answers to Frequently Asked Questions and a map to the workshop location.

We look forward to your participation on December 6 or the 13th. Please RSVP to our consulting firm, LOCHNER, at the following phone number or email address: (512) 828-0076 or gglick@hwlochner.com.

Sincerely,

John F. Nichols
Major General, TXANG
Adjutant General
